

クラッシュバンディクー ①

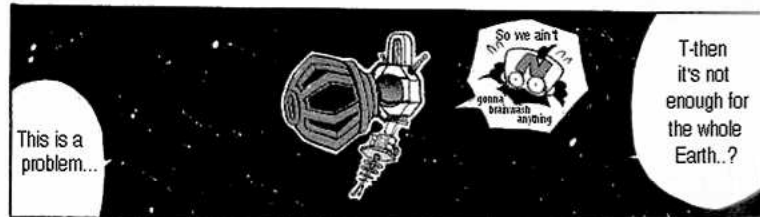

At the worst case, we'll need at least 25 Power Stones to brainwash the earthlings

WHAT!?

Then we can't turn it on yet?!

Umm... but in order to brainwash the whole Earth, we need more Power Stones and their powers

This is a problem...

So we ain't gonna brainwash anything

T-then it's not enough for the whole Earth...?

That's it!

There aren't any.

I wonder where I dropped the rest of them...

ON

SWITCH

You're going to activate it?

LET'S DANCE

Which switch did you push?!

THERE, ONE, TWO~! ONE, TWO~!

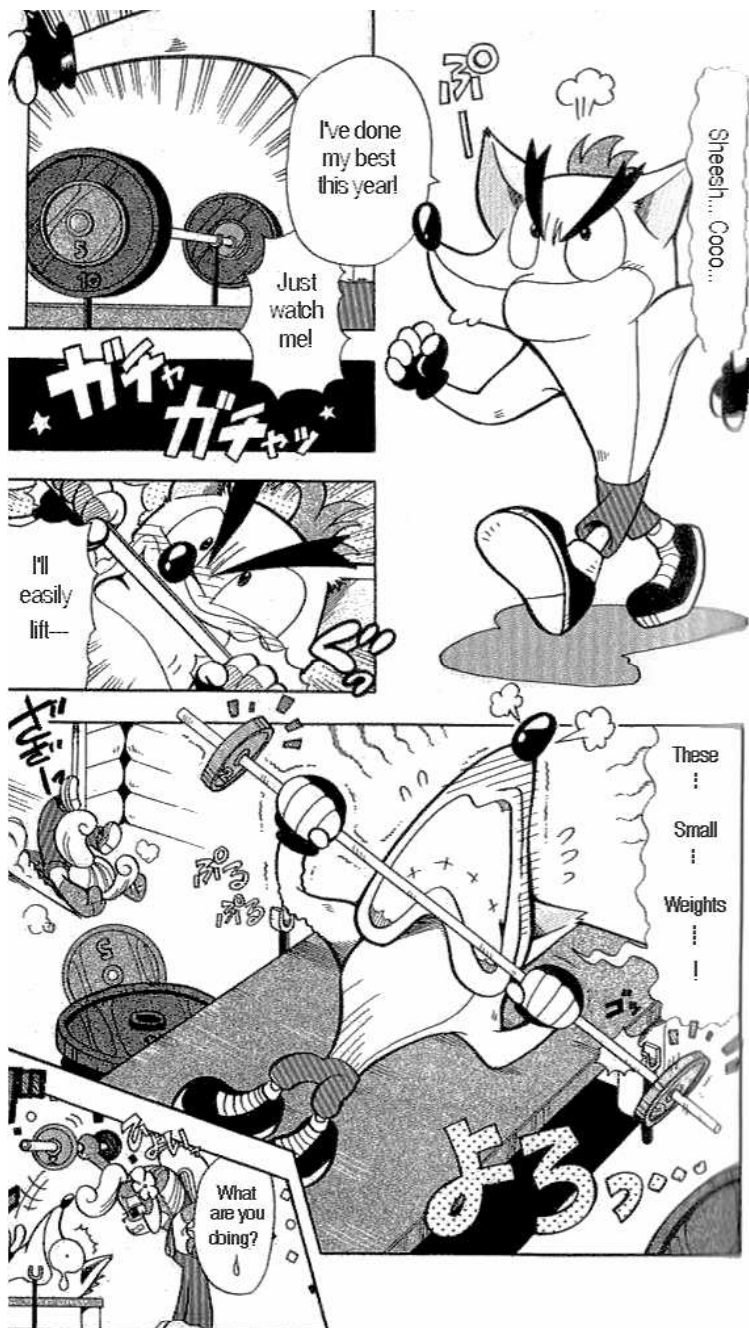

With this machine, eeevery single creature on Earth will become my slave!

Launch!

I know I said this already, but revising is good!

Note: The sign says:
